Chapter 1

by Sajida Chowdhury

It was a wild, dark, stormy night and a baby called Lily was born. She was a little girl full of love. She had something no one had, something special! But as she grew up she thought she didn't fit in. The reason for this was that her magic powers had been stolen.

One day Lily asked her Mum and Dad why she didn't have powers like every one else. Her Mum and Dad couldn't tell her because they didn't know.

The true reason was that a king called Jack had taken her powers when she was small but then he had died and the powers were left in the underground water palace. The under ground water palace looked beautiful on the inside but it was full with hatred and horror on the inside. There are so many stories about the water palace, but no one ever goes in there because King Jack filled it with blood and fighting. Most people get the shivers when they go in there.

As Lily was walking along one day, she saw a girl exactly her age, so she went up to her and asked her what her name was. The girl replied sadly, "My name is Rachel and I don't have a family."

Lily looked at Rachel for a moment and said, "It's okay, you can live with me."

RESCUE FROM THE UNDERWORLD

A few weeks later and a special day arrived, a day that Lily been so excited about: It was the day of the musical festival and it was the best day of the year! There would be food, music would fill the air and everyone was invited!

In the build up, Lily had excitedly explained to Rachel why it was so amazing; Rachel had never been to the festival before. But shortly afterwards, Lily caught Rachel in her room singing hymns. This was very weird because she hadn't ever done this before. Lily was very suspicious.

A few nights later Lily was fast asleep and she had a dream that Rachel was turning into a horrible person and was killing everyone! When Lily woke up, she believed that it was true and that Rachel would soon start doing terrible things.

As the days went by Lily couldn't stop thinking about her horrible dream. Lily often looked carefully at Rachel to see if anything was really wrong, but Rachel looked completely normal.

On the morning of Lily's birthday, a few days before the music festival, Lily was full of bliss! She was having a grand party and she wanted Rachel to stay near her till the end of the day. During the party, Rachel didn't look at all happy. When Lily was about to cut her birthday cake she told Rachel that she could she cut it with her, but then Rachel said mysteriously, "No its okay, you go ahead. I need to go to your room".

Lily felt heartbroken and even more suspicious of her new friend's behaviour and she resolved to find out the truth about Rachel...

Chapter 2

Muzamil Ali

After the party, it occurred to Lily that there was something else that was suspicious about Rachel: In the short-time that she had known her, she couldn't ever remember her blinking.

And there was something else. Lily's Mum thought that Rachel really looked like the Wicked Queen who had been banished and killed when Lily was a baby. The Queen used to chase all of the little children and when she caught them she used to hang them from a wall and they'd die. Parents used to be too terrified to say anything, as the Queen used to burn them alive if they complained.

The day after the birthday party, Lily saw Rachel washing her face in the bathroom and she noticed her eyes glowing red! It really seemed to Lily that she was friends with a monster...

RESCUE FROM THE UNDERWORLD

Rachel walked out of the toilet and she saw that Lily was acting nervously. Did Lily know her secret, she wondered? In fear, Rachel ran outside and Lily began chasing her. Rachel was fast and when Lily reached the courtyard outside, Rachel was nowhere to be seen. But there was an enormous red dragon.

Lily just knew that the dragon was there to take her somewhere, so she fearlessly jumped upon the creature's back. With an enormous flap of wings and gust of wind, they whooshed into the air and were gone!

Chapter 3

(version 1)

by Sajida Chowdhury

The dragon carried Lily to the underworld. After Lily dismounted, the dragon turned into... Rachel!

“So glad that you could come along,” cackled Rachel.

“What do you want?” Lily demanded to know.

“I want my powers back,” said Rachel, “the powers that were wrongfully taken away from me.”

Lily was confused, but before she could reply, everything went black. For a brief moment she seemed to be in the underground water palace with Rachel. But then Lily felt differently somehow. Strangely more powerful. Then everything went black again.

After a while Lilly woke up and there before her was Rachel... but she was changing before her eyes into the evil Queen!

“I will pay back your parents for what they did to me!” Shrieked Rachel.
“You will never leave the Underworld, you will never see your parents again!

RESCUE FROM THE UNDERWORLD

Lily knew this wasn't true. She didn't know how, but she knew she had the magic power back that she had lost at birth. All the air around Lily became cold and frosty.

"Behold the Minotaur!" yelled Rachel as a trapdoor burst open and Lily fell into a maze.

The Minotaur gazed directly at Lily, but she fired a sharp bolt of ice at the beast, hitting it between the eyes and killing it instantly. Lily knew she shouldn't know her way around the maze, but somehow she just did and it wasn't long before she had escaped. On the way, she freed lots of children who were hiding in the maze.

As Lily was leaving the underworld with rescued children, Rachel appeared from nowhere to block their path. Without thinking, Lily created a thick ice-wall to trap Rachel and was able to escape!

When the parents saw their rescued children, they could not believe it and were so happy! Lily became known as the Queen of Love.

It was a long time before anyone saw Rachel again and Lily lived very happily... for a short while at least until her next adventure!

The End.

Chapter 3

(version 2)

by Sumaiya Begum

It was so scary riding a fearsome dragon and was hurtful because of its scaly back. The dragon could breath fire any time, even it is so speedy that Lily nearly fell. "Where did you get this dragon from Rachel?" shouted Lily. "Why do you need to know EVERYTHING " Rachel yelled with frustration. The dragon flew as fast as a cheetah with all its might into a cave. Rachel controlled the huge dragon and steered it into the misty cave.

Rachel and Lily saw a mysterious globe that is a time portal to the future. They both rushed and stopped beside it. " Don't touch the globe it's mine" said Rachel, while touching both the globe and Lily. In a second it opened a portal which it led to the future. Lily looked around. This was strange she thought because it wasn't where they belonged. "Where are we?" asked Lily.

"We are in the future duh" told Rachel in a bored voice. Lily glanced and saw an old woman needing help. She went and said "Are you ok?!". The woman said 'No' but asked if she could get a special flower that has five petals to cure her. She gave her a map that led her but there was great danger and there were two tasks. Rachel came with her but she is still the wicked queen. Inside the map was a an amazing gift that will help her on the mission. It was a FreezerFun that freezes anything on the way. First they had to find a statue that looked like the Freezer Fun. Lily saw it and they both ran to it and stopped.

RESCUE FROM THE UNDERWORLD

Now Rachel and Lily had their first mission. "We have our first mission now!" shouted Lily bravely. This first task was hard, because you have to leap over arches that disappear any time so Lily and her friend had to jump fast. Lily hopped quickly but she fell. She saw a pattern, they were in a zigzag way. So she tried again and Rachel came with her but this time Lily didn't jump. She moved in a zigzag way carefully, not to hit the arches. Rachel copied her. "Are we finished yet?" Rachel said. "No we have two more."

They were now to the final task. They had to dodge over rocks. That was easy for Lily because she played it with her friends with a soft sponge ball and in this game you have to do the same as well. She started the task and dodged and dodged. Rachel can do this as well so she joined in. This was completed.

Now they found the precious flowers and there was 2 of them. Lily had an idea, if she could persuade Rachel to eat 1 of the flower it could make the queen nice. Lily persuaded her and she ate it. First she acted strange when she had eaten it. Next Rachel winked 3 times and started kicking her legs. Then she was doing karate chops with her hands. Rachel then became nice and they were wondering how they could get back to the woman. "I know I can use my scaly dragon to go to the woman!" exclaimed Rachel.

Rachel and Lily hopped on to the dragon. As they were going the seaweed tickled them as if it was trying to talk to Lily and Rachel. They landed on the sand and ran to the poorly woman, Lily gave the flower and when the woman ate it suddenly her skin turned smooth like silk and her hair was flowing like a feathery clouds. After that Lily's friend came and she came happily to the present night.

"It's a good thing that we're here in night timeso no one will know that we went to the future!" spoke Lily quietly.

The End.

Chapter 3

(version 3)

by Mahima Jahan

Lilly saw a dragon she jumped on because she thought it was Rachel. It was really windy, the dragon was landing next to a big black castle so she jumped off.

The castle door was locked Lilly saw Rachel going into the castle she had her keys with her. Lilly didn't know how Rachel came, she thought maybe she was the dragon and she turns into a dragon whenever she washes her face.

She was so angry with Rachel she tried to get in but Rachel took the keys with her. Lilly had an idea she could go through the castle window but only if she can get up. She found a rope and she threw it on a hook next to the window and she climbed up inside it was like where the queen would live. She walked around the room she said to he self " Maybe its Rachel's mother and father's room?"

She went down the corridor and she ran to another room, it was so beautiful. She saw a fridge, she opened it and there were lots of ice cream. Lilly forgot that she was in the castle. She got a cup of ice cream and put it in her mouth and then she realized that she was still in the castle. She put the ice cream back and hid because she heard foot steps.. it was Rachel !!! Lilly found out that this room was Rachel's room . Lilly couldn't wait to see what Rachel was going to do. She soon saw her full of laughter, Rachel said to herself "Oh poor Lilly that curse will give you bad luck hahahahaaaa!"

Lilly was surprised what she said Lilly didn't know when Rachel had put the curse on her.

RESCUE FROM THE UNDERWORLD

When Rachel left the room Lilly snuck out and explored the rooms around the dark black castle. Lilly saw something really scary, a hole on the ground, it looked like a underground tunnel. Before she went in, she ran to the window sill and hopped out, she was wondering how would she get back to her house. Lilly saw the dragon again she jumped on and off it went to the town but in a creepy voice Lilly said to her self "Who's house could this be?"

Lilly thought it was her friend's house but then she heard Rachel say " Hello mother and father are we going to go home?" and she came outside and was waiting Lilly was hiding under a table. It was scary when Lilly saw Rachel's red eyes. Lilly snuck into the old house, inside it was so small from the outside it looked like it was going to be big.

When she went in she went upstairs, it was really big it had 8 bedrooms! She was surprised, she went into a room, it was dusty with a broken bed. Soon Lilly ran out of the house, when Lilly went back home Rachel was already home. Lilly backed away from her all of a sudden. Rachel said " Lilly let me tell you something I p-p-p-put a-a cur -c -curse on you but don't worry in the morning the bad curse will vanish away. I 'm not a dragon I knew that you where following me so I'm still your best friend so what do you think should we get your birthday party started?" Lilly said "But let's invite some of our friends" So they had a great time and it became Lilly and Rachel's new secret . At last Lilly new the truth about Rachel.

Chapter 3

(version 4)

by Nafisa Hussain

Furiously, the dragon flew fast and dug up the ground and popped in. The mysterious place was all slimy and scary but it had a gorgeous waterfall that was shimmering as if there were golden diamonds sliding deep down. Lilly gently slid down off the dragon and sneaked up to the waterfall and had a little touch. Then she felt red, slimy blood dripping down her hand then she fainted and her head banged loudly on the ground. Suddenly, the dragon saw her and it reversed back into Rachel. Slowly, she kneeled down next to Lilly and softly held her hand crying. One of Rachel's tears, dropped into Lilly's eye and she woke up looking shocked when she felt her hand on Rachel's hand. Quickly, Rachel let go of Lilly's hand and tried running but Lilly grabbed her hand fast as a flash and said, "Who are you and why are you doing this?" Looking extremely miserable, she came back to Rachel and emotionally said, "When you were 2 years old, King Jack came and took your parents and your powers away and your mother ordered me to take good care of you and I promised her that I will get your powers back also I was her childhood imaginary dragon and I promise you that I will get your parents back right now and that's why I'm here."

"Do you know where my parents are?" asked Rachel, looking worried.

RESCUE FROM THE UNDERWORLD

“Yes but first of all, we have to pass the terrifying obstacle course.”

All day and night, Rachel was walking exhaustedly to the terrifying obstacle course but Lilly was just chilling on her back but Rachel didn't mind. In case they get lost, Lilly had a bunch of bananas and threw the peels on the ground. Finally, they were there!

There were 3 challenges to complete. On The first challenge they simply had to cross a huge sea of slime but that was easy peasy lemon squeezy. They just flew to the other side. “That was simple and probably the next challenge is a bit easy!” exclaimed Rachel, acting cool. “I don't really agree because look!” exclaimed Lily. It was a slimy, sloppy lake and it looked like the first lake but it was grabbing things frantically and sucking things deep, deep down. Rachel didn't see the slime being frantic. Lily yelled “STOP!!!” but immediately, the slime sucked Rachel right in but Lily didn't know what to do.

Suddenly, a tall, thin women with a pointy crown appeared behind Lilly and she had something that looked like fog and it was pitch dark. She had sharp nails and long, black hair but the scariest thing of all was that her face looked as if a lion had ripped and destroyed it and it was smeared with red ,thick blood. She smelt like dog or probably cow dung, to be fair it was much worse. The second thing that was terrifying was that she had no legs, she was flying like a ghost in the freezing air, oh yeah it was freezing. The only and prettiest thing on her was her golden, shiny crown that says Queen Maleficent. Lily turned around and Maleficent pushed her. “aaaaaaahhhhhhh!” Lily, screamed.

Five weeks later, the slime was all gone and there was a shiny, glittery glow ball rolling between Rachel and Lilly and it shined brightly on their faces. Slowly, they woke up and Lilly got scared and Rachel was filled with joy.

RESCUE FROM THE UNDERWORLD

“Rachel, why are you smiling and dancing and wha.....,wha, what is this stupid ball that was shimmering on my face.”

Lilly, stammered.

“Lilly! this is your power and this is just a miracle.”

“OMG I.....I.....I just cant believe it and we just need to find Mum and Dad!”

Suddenly, Maleficent appeared behind them but there was another person and she or he had short hair and had a crown that says King Jack.

She was heading for a hole inside the ground but just at that moment she started to think it was not Rachel it was a real dragon it must have placed Rachel in her mouth but had not eaten her so she called super Gron and at that very moment she saw a crystal and some light shining. It was super Gron coming to the rescue and when he had come he used his x-ray and checked if Rachel was still in there. She was safe or was she. The dragon had heard some whispering and turned around and saw that there were more people and just before the dragon swallowed them Super Gron had called for HIS dragon and he had turned invisible using his power and shot some rocks and aimed for his mouth. Rachel had fell out of the dragon mouth but there was a new problem because the dragons wanted to crush each other but the dragon that had just come he showed his fire breath but then the dragon that had tried to eat a human had ran away far far away and then Super Gron gave his dragon a hug a big hug for saving his life and their life.

Chapter 3

(version 8)

by Muhaimeen Ali

Lily sat down and thought "Why is that queen trying to catch and kill children? She might be trying to get revenge on them, doing it for fun or if she doesn't she might be killed by someone commanding her. If so she needs to find out who that mystery person is?"

Later that night while the queen who kills children was asleep Lily sneaked into her castle like a bandit. She climbed up and saw some guards, she ambushed them and took them out by dropping them off the edge. One guard was left and was holding a remote, he pressed the red button on the remote that said 'Release mutants' and as the guard pressed that button the floor folded away and she fell into a pit of mutant zombies. She suffered a lot of pain and her bones were damaged very badly.

She saw a lever and on top of it was a sign and it said 'Pull to kill mutants'. She saved all her strength and jumped as high as she could and grabbed the lever, it was not pulling but she saw a coin hole and her hands were slipping. She searched her pockets and found one penny.

She placed her coin in the lever and then because of her weight the lever fell down, she slipped off. She saw some potions fire out and all the mutants died instantly. She now was feeling nervous because she saw how powerful those mutants were and she saw how powerful those potions were. Is she even going to touch the queen during that battle?

RESCUE FROM THE UNDERWORLD

She stared intensely at the stone and saw a little outline of a door.

She pushed it and it opened, it looked like a sewer but she was too curious so she went through. When she went through she found slime and all those horrible germs. She went deeper into the tunnel and suddenly she hit a tripwire and the door shut tight. The walls were closing in. After 10 seconds a door opened at the end of the hallway, she ran for her life. She was almost there and she made a leap for it and she barely made it out.

She was now in some kind of arena and saw a bunch of monsters cheering, and in a cage Lily saw something from her book at home. It was called Robot Rex. She heard that if you wake him up he will instantly kill whoever woke him up then go back to sleep. The only way to defeat him is by getting the X crystal and replace it with his heart. The X crystal is in the Exploding Dimension. In order to get to the Exploding Dimension you need to make the Exploding portal, and to do that you need to use TNT to form a circle, then put dynamite in the middle and if you did it correctly all the ingredients will give you 2 potions.
